SPRING FLING BIAS COWL

Designed by Sian Price-White for Knitch

GETTING STARTED

Using some scrap yarn and a crochet hook, provisional cast on 70 Stitches.

WORKING PATTERN

Row 1: RS - K1, Kfb, K to last 3 st, K2tog, K1.

Row 2: WS – Purl.

Repeat these 2 rows until cowl is desired length.

For variation, randomly throughout knitting, insert the following rows.

WS: K1, yo, repeat to end.

RS: P1, drop YO, repeat to end.

This gives the elongated stitch pattern in the cowl.

MAKING UP

Once you have reached your required length, transfer provisional cast on stitches to your knitting needles. Using a darning needle Kitchener stitch the ends together and block lightly if needed.

Designer notes: My favourite provisional cast on, and kitchener stitch videos can be found on youtube by Very Pink Knits.

MITERED SQUARE BLANKET

This soft lightweight throw is worked in neutrals with soft grey and pink tones and will fit in comfortably in any home. Jo Sharp Yarns

GETTING STARTED

Colour Repeat sequence
Row 1 Col A
Row 2 Col B
Row 3 Col C
Repeat these three colours throughout.

PATTERN NOTES

The diagonal line on each square is called a miter. This is created by decreasing one stitch in the centre of each row. A marker is placed after each decrease to eliminate the need to keep count. The number of stitches either side of the marker are even in every alternate row and uneven in every other row. This is correct and results in a neat diagonal centred miter. After knitting the first square, each subsequent square is started by picking up stitches along the edge of the previous square until a column of squares is formed. This is repeated until there are five columns which are then sewn together to form the blanket.

CONTRAST YARNS

Once three shades have been introduced, these strands may be picked up to continue knitting with in subsequent rows, rather

than joining a new strand with each colour change. The pattern is designed so that the required colour is always available at the beginning edge. Using existing strands avoids having many ends to darn in on project completion.

WORKING PATTERN BLANKET

Make first square using Colour key A throughout. Cast on 70

Row 1: K34, k2tog, place marker, k to end.

Row 2: K to marker, remove marker, k2tog, place marker, k to end

Row 3: As row 2

Row 4: K1, *yf, k1, rep from * to marker, remove marker, yfrn, k2tog, place marker, cont in patt to last k1.

Row 5: Knit across row, dropping yf stitches off needle as you go, work to marker, remove marker, keeping patt correct, k2tog, place marker, cont in patt to last k1.

Row 6: As row 2

Row 7: As row 2 Cont on rows 4 to 7 until 3 stitches remain (67 rows).

Row 68: Knit 3 tog, 1 st remains. At this point the first square should measure, 21.8 cm wide and 21.25 long.

Make second square using colour key B throughout, and using the one remaining st from the first square as the first stitch for the second square. Keeping cast on tail at bottom right hand corner, pick up and knit 34 sts evenly along top edge of work (35sts in all). Turn work and cast on a further 35sts (70 sts in all).

Repeat Rows 1 to 68.

Continue in this way, alternating colour sequences until 6 squares together form the first strip of the blanket.

Cast off last stitch.

The first strip should measure 21.8cm wide and 27.5cm long.

Make a further 4 strips (5 strips in all).

MAKING UP

Sew together strips using edge to edge stitch to complete blanket.

GLOSSARY

BEGINNER'S TOOL KIT

PINS

Plastic-head pins are useful for checking tension and blocking out items. Pins with coloured heads are best because they do not get lost in your work.

ROW COUNTER

A row counter is helpful for keeping track of rows worked, particularly where increases, decreases or other kinds of patterning occur.

KNITTING IN ELASTIC

Elastic yarn prevents sagging in cuffs, collars and waists. You can work it in with knitting yarn on knitted or crocheted garments.

KNITTING NEEDLES

Knitting needles are made from plastic, aluminium or wood and come in varying lengths and widths. Straight needles come in pairs and doublepointed needles come in sets of four.

KNITTING BAG

A knitting bag is essential for those who like to knit 'on the go'. Not only is it a practical way to keep all your knitting paraphernalia together, it also helps keep the yarn clean and tangle-free.

CIRCULAR KNITTING NEEDLES

Circular needles have two working ends joined by a thin nylon wire. They are more balanced than straight needles and allow the weight of your work to rest in your lap.

KNITTER'S NEEDLES

Knitter's needles need to have a large eye and a blunt point so they do not split stitches when sewing up your knitting.

STITCH GAUGE

A stitch gauge is a flat piece of metal or plastic with a ruler marked on one side and/or a window

cut out in the centre. It allows you to mark and measure easily and accurately.

STITCH HOLDER

A stitch holder is used to secure stitches not in use. You can also use safety pins for holding a small number of stitches.

Diagram 1

Diagram 2

CASTING ON

Casting on is creating a row of loops on a knitting needle to form the base row for your knitting. One of the most popular methods of casting on is the cable cast on. Form a slipknot about 25cm away from the end of the yarn.

Place the slipknot on a knitting needle and pull gently to secure. Hold this needle in your left hand. Insert the right-hand needle through the slip knot. Pass the yarn over the point of the right-hand needle (see Diagram 1).

Pull a loop through the slip knot with the right-hand needle (see Diagram 2). Place this loop on the left-hand needle and gently pull the yarn to secure the stitch. For the remaining cast-on stitches, insert the right-hand needle between the slip knot and the first stitch on the left-hand needle. Wind the yarn around the point of the right-hand needle. Draw a loop through and place this loop on the left-hand needle. Continue in this manner until you have cast on the desired number of stitches.

KNIT STITCH

Diagram 1

Diagram 2

Once you have cast on, you then knit into the stitches you have made to form the knitted fabric. Hold the needle with the cast on stitches in your left hand, with the loose yarn at the back of your work. Insert the right-hand needle from left to right through the front of the first stitch on the left-hand needle (see Diagram 1). Wind the yarn from left to right over the point of the right-hand needle (see Diagram 2). Draw the

yarn through the stitch to form a new stitch on the right-hand needle. Slip the original stitch off the left-hand needle, keeping the new stitch on the right-hand needle. To knit a row, repeat these steps until all the stitches have been transferred from the left-hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

PURL STITCH

Diagram 1

Diagram 2

The purl stitch is basically the reverse of the knit stitch. Hold the needle with the stitches on in your left hand, with the loose yarn at the front of your work. Insert the right-hand needle from right to left into the front of the first stitch on the left-hand needle (see Diagram 1). Wind the yarn from right to left over the point of the right-hand needle (see Diagram 2). Draw the yarn through the

stitch to form a new stitch on the right-hand needle. Slip the original stitch off the left-hand needle, keeping the new stitch on the right-hand needle. To purl a row, repeat these steps until all the stitches have been transferred from the left-hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

CASTING OFF

KNITWISE

Knit two stitches. Use the point of the left-hand needle to lift the first stitch on the right-hand needle over the second, and drop it off the needle. Knit the next stitch on the left-hand needle so that there are two stitches on the right-hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left-hand needle and only one stitch remains on the right-hand needle. Cut the yarn, leaving a tail and thread the yarn through the loop and pull it firmly to fasten off.

Diagram 1

PURLWISE

Purl two stitches. Use the point of the left-hand needle to lift the first stitch on the right-hand needle over the second, and drop it off the needle. Purl the next stitch on the left-hand needle so that there are two stitches on the right-hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left-hand needle and only one stitch remains on the right-hand needle. Secure this last stitch as described in casting off knitwise.

Diagram 2

SUBSTITUTING YARNS

If you substitute or spin a yarn for a project, you can compare the weight of the yarn to the project yarn by comparing wraps per inch. Wrap your yarn around a ruler for one inch and count the number of wraps. If you have more wraps per inch than the project yarn, your yarn is too thin; if you have fewer wraps per inch than the project yarn, your yarn is too thick.

KNITTING TENSION

Checking your knitting tension, that is, the tightness or looseness of your knitting, is important. To check your tension, cast on 30 stitches using the recommended needle size. Work in the pattern until your work measures 10cm from the cast on edge then cast off. You now have a "swatch". Measure your tension by placing a ruler over your swatch and counting the number of stitches

across and rows down (including fractions of stitches and rows) in 10cm. Repeat these measurements two to three times on a different parts of the swatch to check your measurements. If you have more stitches and rows than called for in the instructions, you should use larger needles; if you have fewer, use smaller needles. Check your tension again before starting your project.

PROVISIONAL CAST ON (INVISIBLE CAST ON)

Place a loose slipknot on the needle in your right hand. Hold the waste yarn next to the slipknot and around your left thumb. Hold your working yarn over your left index finger.

*Bring the needle forward under the waste yarn, over the working yarn, grab a loop of working yarn (Diagram

1), then bring the needle to the front, over both yarns, and grab a second loop (Diagram 2). Repeat from * until you have the desired number of stitches on your needle. When you're ready to work in the opposite direction, pick out the waste yarn to expose the live stitches.

Diagram 1

Diagram 2

Diagram 1

BACKSTITCH

This is the stitch most commonly used for joining knitted garments. With the right sides of your work together, pin the knitted fabric together with the edges even. The seam should be sewn one full stitch from the end of the row. One stitch should be worked over every row. Thread the yarn needle. Insert the needle through both layers and sew two stitches to the left then one stitch back to the right. Keep stitches at an even distance. Continue working from right to left in this circular motion. (Diagram 1)

TASSELS

Cut yarn twice the length of your desired tassel plus a bit extra for the knot. According to the desired thickness of the tassel, select a number of lengths of yarn. Fold the lengths of yarn in half over a crochet hook. On the wrong side, insert the crochet hook from the front to the back through the edge of the work. Grab the yarn and pull through and tighten. Trim the ends to the same length.

KNOTTED FRINGE

After working a tassel, take one half of the strands from each tassel and knot them with half the strands from the neighbouring tassel. Trim.

CROCHET CHAIN

Make a slip knot on your hook. Pass the yarn over the hook and catch it with the hook and draw it through the loop on the hook. Repeat, drawing yarn through the last loop formed.

DOUBLE CROCHET (DC) (US SINGLE CROCHET SC)

Insert the hook through the top two loops of a stitch. Pass the yarn over the hook and draw up a loop so that you have two loops on the hook (Diagram 1). Pass the yarn over the hook and draw through both loops on the hook (Diagram 2). Continue in the same way, inserting the hook into each stitch (Diagram 3).

HALF TREBLE CROCHET (HTR) (US HALF DOUBLE CROCHET HDC)

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that there are three loops on the hook (Diagram 2). Draw through all three loops on the hook (Diagram 3).

TREBLE CROCHET (TR) (US DOUBLE CROCHET DC)

Diagram 1

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that you have three loops on the hook (Diagram 2). Pass the yarn over the hook and draw it through the first two loops on the hook, pass the yarn over the hook and draw through the remaining two loops. Continue in the same way, inserting the hook into each stitch (Diagram 3).

SLIP STITCH CROCHET (SL ST)

Insert your hook into the stitch. Yarn over the hook and draw the loop through the stitch and loop onto the hook.

I-CORD

With double-pointed needles, cast on the desired number of stitches. *Without turning the needle, slide the stitches to the other end of the needle, pull the yarn around the back and knit the stitches as usual. Repeat from * until your work measures the desired length

PICKING UP DROPPED STITCHES

A dropped stitch can be picked up using a crochet hook and don't be put off by stitches that have unraveled several rows down into the work. To pick up knit stitches, insert the crochet hook into the dropped stitch, draw through the bar lying above the dropped stitch and pull it through the loop of the dropped stitch.

The image features a variety of Crochet Amour products. In the upper left, a large pink woven basket holds several patterned fabric items. To its right, a smaller blue woven basket contains a dark brown crocheted hat, a ball of red and white striped yarn, and a ball of purple yarn. In the foreground, a large ball of blue yarn with white polka dots sits on a white tiled surface. Five Crochet Amour hooks with colorful handles (purple, orange, pink, yellow, and green) are laid out on the tiles. A blue crocheted cord is also visible in the lower left. The background is a light-colored wooden wall.
